SUMMARY

Frontend developer with 2.5+ years building responsive, user-focused web applications for clients across the US and LATAM. Work daily with React, Next.js, TypeScript, and Tailwind CSS, with strong production experience in JavaScript, HTML, CSS, WordPress, and Shopify (Liquid). Bilingual (EN/ES) with direct US-client experience: gathering requirements, presenting proposals, and turning feedback into clean, maintainable interfaces. Former IT recruiter for US tech companies, with an insider understanding of how engineering teams hire, communicate, and grow.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries: React, React Native, Next.js

Styling: Tailwind CSS, Bootstrap, Responsive / Mobile-First Design

Tooling & Workflow: Git / GitHub, Vite, Figma, AI-assisted development (Claude, Cursor)

CMS & E-commerce: WordPress (Divi, Elementor), Shopify (Liquid)

Backend (familiar): Supabase, REST APIs

EXPERIENCE

Frontend Developer

Cameron Digital Consulting (CDC) / Feb 2024 – Present / Lima, Peru / Remote

- Build responsive, mobile-first interfaces with React, Next.js, and Tailwind CSS, translating Figma designs into clean, reusable components.
- Contributed to a Next.js + React + Supabase web app (UI and initial backend layer).
- Develop and customize Shopify themes with Liquid, building custom reusable sections from scratch.
- Maintain and optimize WordPress (Divi) sites for performance and cross-device consistency.
- Work directly with US clients on requirements, proposals, and technical problem-solving, and mentor junior team members.

Frontend Developer

Upwork (Freelance) / Dec 2023 – Present / Remote

- Built and maintained client websites using React (Vite), Tailwind CSS, Bootstrap, and WordPress (Divi, Elementor).
- Redesigned UX/UI and improved performance across desktop, tablet, and mobile, focused on usability and conversion.
- Collaborate via Git on shared client repositories — working in feature branches within a staging environment to build and verify reusable CSS for use across future sites.
- Manage US client communication and requirements directly (including a 15-month, 5.0-rated agency engagement for the dental sector), using Salesforce for project tracking and providing technical support to non-technical stakeholders.

IT Recruiter / Specialist Sourcer

Manpower (CoreLogic account) / Aug 2021 – Jun 2024 / Lima, Peru

- Sourced and screened senior software engineers (Sr. .NET, Data, Cloud Infrastructure) for a US-based client, collaborating in English with distributed US teams.
- Mentored and onboarded new team members; managed candidate pipelines in Workday, Avature, and LinkedIn.
- Developed an insider understanding of how engineering teams hire, evaluate technical skills, and structure roles.

EDUCATION

Universidad de Carabobo — Bachelor's, Human Resources Management (2014)

CEUJAP — Technical Degree, Human Resources Management (2015–2016)

CERTIFICATIONS & LANGUAGES

Certifications: React, JavaScript, UX/UI, Web Development
